EQUIPMENTS

Maratem Manual Soap Dispensers

- Maratem economical dispenser series offers easy use with its hopper structure.

Code	Product Name
9226351	Maratem Manual Soap Dispenser-500 mL-White
7902274	Maratem Manual Soap Dispenser-500 mL-Black
9226257	Maratem Foam Soap Dispenser-500 mL-White
7903307	Manual Soap Dispenser-800mL-White

Maratem Auto Soap Dispensers

- Abs durable body structure
- Easy installation and assembly
- Liquid level can be seen
- Economical battery consumption

Code	Product Name
7904516	Carpex Auto Soap Dispenser-White
7904509	Carpex Auto Soap Dispenser-Black
7904510	Carpex Auto Foam Soap Dispenser-White
7903719	Carpex Auto Disinfectant Dispenser-White

Selin Cartridge Dispensers

- Compatible with Selin shampoo, shower gel and liquid soap cartridges
- It offers stylish design and ease of use together.

Code	Product Name
7903595	Hand Soap Cartridge Dispenser - 400mL - White
7903596	Hand Soap Cartridge Dispenser - 400mL - Black
7903397	Hair&Body Cartridge Dispenser - 400mL - White
7903398	Hair&Body Cartridge Dispenser - 400mL - Black

Selin Auto Cartridge Dispensers

- Abs durable body structure
- Cartridge use
- Long-lasting pump

Code	Product Name
7903400	Automated Foam Cartridge Dispenser -1000mL - White

EQUIPMENTS

Maratem Sprey Units

- It can be used at all points with water connection.
- It has the capacity to dilute between 0.5% and 11%. - It has the capacity to rinse only with water. • 22 L / min at 2 bar water pressure
- 46 L / min at 4 bar water pressure
- It has the capacity to wash with chemicals + water.
- 11 L/min at 1 bar water pressure
- 29 L/min at 4 bar water pressure

The box includes ABS plastic body, dilution unit/units, 15 meter hose, trigger gun and chemical suction hose(s).

Code	Product Name
9226211	Surface Washing Unit

Maratem Sprey Units

- It can be used at all points with water connection.
- Dilution capacity between 0.5% and 16%.
- Rinsing capacity with only water
- 22 L/min at 2 bar water pressure
- 46 L/min at 4 bar water pressure • Chemical+water washing capacity
- 11 L/min at 1 bar water pressure
- 29 L/min at 4 bar water pressure.

The box includes ABS plastic body, dilution unit/units, 15 meters hose, trigger gun and chemical suction hose(s).

Code	Product Name
9226370	Mobile Surface Washing Unit

Maratem Sprey Units

- With the flow effect of the mains water, it makes the chemical in the can or bottle ready for use by just pressing a button. • Depending on the type of product, the chemical in the can can be filled into the bottle with the low flow version, and into the bucket or sink with the high flow version.
- Thanks to the user-friendly adjustment mechanism, the dilution rates can be adjusted between 0.5% and 30% in the low flow model, and between 0.1% and 12% in the high flow model.
- There are versions that can work with 1 and 4 different chemicals.
- It works with ideal working pressure between 2-4 Bar.

Code	Product Name
9226424	SK Dilution 4L
9226408	SK Dilution 4L
9226425	SK Dilution 16L
9226426	SK Dilution 16L
7905089	Seko Promax Product Cabinet 2.5L

Maratem HP30E Hand Dosing Pump

- The amount of chemical to be adjusted with each press can be adjusted as 5 - 30 mL.
- It is made of material resistant to the corrosive properties of chemicals.

Code	Product Name
9226226	HP30E Hand Dosing Pump

EQUIPMENTS

Maratem Faucet Dilution

- It can be easily applied in narrow areas as it can be attached to the spout of the faucet.
- Thanks to the vacuum created by the water passing through the unit, the dilution rates can be adjusted with the colored types coming out of the package or by means of the screw on the unit.
- It has adjustable dilution capacity between 0.2% and 10%.

Kod	Ürün Adı
9226040	Faucet Dilution

Maratem SquareMax

- 2,5 L and 5 L cabinet options
- Cabinet glass options in different colors
- Dosing unit head in different colors
- 5-30 mL dosage can be adjusted

Kod	Ürün Adı
000000	SquareMax - For Bottle Filling
000000	SquareMax - For Bucket & Sink Filling

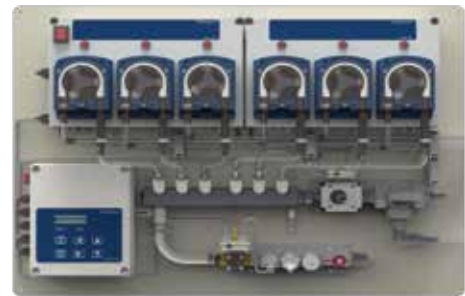

Maratem Peristaltic Dosing Pumps

- It has the capacity to dose all dishwasher types.
- It ensures the safe transfer of the desired chemical thanks to the speed and time control.

Kod	Ürün Adı
7902593	Dualdose Detergent and Rinse Aid Dosing Pump
7902586	Dualdose Programmer

Maratem Central Dosing Systems

- Maratem central dosing systems can dose up to 6 washing machines from a single point with their compact structure.
- It performs fast dosing through electromagnetic valves.
- Dosage rates and device status can be checked from computers or mobile devices via Wi-Fi.

Kod	Ürün Adı
7500231	Master 6 Machine 6 Chemical Peristaltic Central Dosing System

EQUIPMENTS

Maratem Central Dosing Systems

- Maratem central dosing systems can dosing up to 8 washing machines from a single point with their compact structure.
- It performs fast dosing through electromagnetic valves.
- Dosage rates and device status can be checked from computers or mobile devices via Wi-Fi.

Kod	Ürün Adı
7902026	Ultra 8 Machine 8 Chemical Pneumatic Central Dosing System

Maratem Tunnel Dosing Systems

50-135 Kg Capacity Tunnel Washing Machines for High Capacity Tunnel Systems

- It is an advanced PLC controlled dosing system with pneumatic diaphragm pumps for tunnel washing systems.
- With its superior mechanical transfer properties, it can easily dose 8 different chemicals from 5 different channels to the tunnel machine.
- Dosage rates are very precise in mL values, thanks to precision flowmeters used for flow control and PP body pumps with pneumatic diaphragms.
